REASONABLE MODIFICATION POLICY

It is Allen County RTA's policy to make reasonable modifications to its policies, practices, or procedures when requested to do so by individuals with disabilities when such accommodations are necessary to avoid discrimination based on disability.

Requests for accommodations will be considered on a case-by-case basis and may be denied on one or more of the following grounds:

- Granting the request would fundamentally alter the nature of Allen County RTA's service
- Granting the request could create a direct threat to the health or safety of the requestor or others.
- Granting the request would create an undue financial or administrative burden for the Agency; or
- Without such modification, the individual with a disability is otherwise able to fully use Allen County RTA's services for their intended purpose.

In determining whether to grant a requested modification, Allen County RTA will be guided by the provisions of United States Department of Transportation at 49 CFR Appendix E to Part 37.169. When choosing among alternatives for accommodations, Allen County RTA will give priority to those methods that offer services, programs, and activities to qualified individuals with disabilities in the most integrated setting appropriate for the needs of the individual(s) with disabilities. In any case in which Allen County RTA denies a request for an accommodation, Allen County RTA will attempt to ensure that the individual with a disability receives the services or benefits provided by Allen County RTA by other means that comport with this policy.

- When a request for modification cannot practicably be made and determined in advance, you may make a request on the same day, at the time of, or during service.

- If an Operator is unsure if the request can be granted or declined, she/he is required to consult with the Dispatcher to receive direction.

- Allen County RTA's ability to grant the requested modifications may vary by route, day of travel, time of day, or other circumstances. For example, while a request may be able to be granted in one instance, that same request may be denied in another instance if granting the request would fundamentally alter the nature of the service or create a safety threat, or if the request is not a functional necessity.
