***PROFESSIONAL VERIFICATION FOR** _____

Patient's Name

This verification will assist in determining if applicant is <u>unable</u> to ride the regular fixed route bus system and therefore eligible for UpLift Paratransit (ADA Disabled) bus service for all or some trip requests based upon his/her functional ability.

Note: All RTA' regular fixed route buses are low-floor buses equipped with ramps to accommodate persons with wheelchairs or those who cannot climb stairs. The definition of a fixed route bus is a bus that travels on a fixed route with a set time schedule. Whereas, UpLift buses are smaller buses that are wheelchair ramp buses that transport only those passengers that are ADA disabled and <u>unable</u> to ride the fixed route bus system. UpLift bus service requires reservations and is operated on a demand–responsive, originto-destination basis with the basic mode being curb-to-curb service.

All information will be kept confidential. Thank you for your assistance.

Capacity in which you know the applicant: _____

Is applicant able to travel on a fixed route bus that is wheelchair accessible or do they need the Access Express Bus?
